

Tarea corta #1

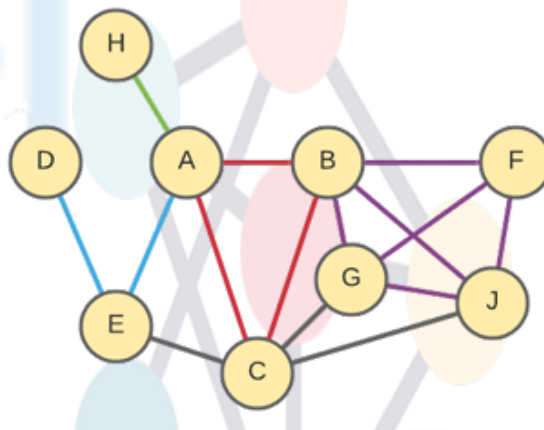

Curso: CI-0121 Redes de Comunicación de Datos

Profesora: Francisco Arroyo

Estudiante: Sebastián Orozco Castillo

Carnet: C35719

Determine the degree, diameter and the bisection bandwidth of the network below:

Degree: ~4 links per node

Diameter: 4

Bisection bandwidth: 3

- Draw a hybrid topology with a mesh backbone connecting two ring backbones. Each ring backbone connects three star networks.

Se usaron switches de manera representativa, puede ser otro dispositivo.
